SECTION – 3

(Matters related to academic functioning and standards)

Agenda item No. 9	To consider and approve the Vision & Mission of the University.
Brief facts and background	The Vice-Chancellor, immediately after assuming the position, visualized the situation and considering the purpose and perspective of the University, formulated the Vision and Mission of the University reflecting the same. (Annexure - 12)
Agenda item No. 10	To consider the academic perspective, for an institution of eminence
Brief facts and background	“The legal education must be perceived with educational point of view involving social justice. There should not be monopoly of a few in this profession. It should be in range of ordinary masses” Dr. B.R. Ambedkar The future course of Dr. Bhimrao Ambedkar Law University needs to be shaped in furtherance of the views, vision and dreams of Dr. Bhimrao Ambedkar, to make it an institution of eminence. Present Scenario of Legal Education: In the post-Independence era Legal Education has been traditionally

TR-

offered as a three years graduate degree. However the structure has been changed since 1987. Law degrees in India are granted and conferred in terms of Advocates Act 1961 and is a statute regulating the aspect of legal education and also regulation of the conduct of legal profession through Bar Council of India. Degrees in law are being offered by many Central, State and Private Universities. The establishment of National Law Universities in 1987, is considered as a major step towards reforming legal education in India. National law Schools are offering 5 years Integrated Course involving multidisciplinary approach after 12th standard. There are over 1500 Law Colleges, all over the country and 23 National Law Schools, besides the Law programs undertaken by various law colleges. In the State of Rajasthan, there are renowned Universities viz. Rajasthan, Ajmer, Udaipur and Bikaner University. NLU Jodhpur is offering BBA, LL.B. Degree since 2001.

Legal Education has become more practical and behavioral than just rote learning the letter of the law by introduction of Moot Courts. Publication of Journals, Internship and placement has become sine qua non part of Legal education.

Challenges: There is a huge difference in the way legal education is imparted at National Law Schools, Public State Universities and Private State Universities. Most of the public Universities/Institutions face various challenges and problems like lack of infrastructure, lack of permanent and regular faculty, lack of congenial work environment and most important among all, development of curriculum according to the present social, environmental and professional requirements.

In view of the above facts, given below is an action plan for consideration.

Action – Plan:

1. This University is mandated to affiliate all the law colleges of the State of Rajasthan for which a comprehensive, synergetic framework ensuring fair, transparent and judicious affiliation process ensuring highest quality of legal education is needed.

	<p>2. Besides the affiliation of law colleges, the University is required to develop a vision to attain and retain coveted position as a premier educational institution engaged in creation and dissemination of knowledge, ideas and methodologies in the field of legal education.</p> <p>3. In consonance of the above perspective, the University is contemplating to undertake the following academic programs/activities:-</p> <p>(1) B.A. LL.B. (Hons) course with specialization in new and emerging areas like Mediation and Conciliation, Defense/Strategic Studies, Sports Law, Use and Regulation of Artificial Intelligence, Natural Resources and Energy Law & Petroleum Laws.</p> <p>(2) LL.M. (2 years) with specialization in</p> <p>(i) Cyber and Intellectual Property Laws</p> <p>(ii) Constitutional and Media Laws</p> <p>(iii) Corporate and Business Laws</p> <p>(iv) International Laws</p> <p>(3) Ph.D. in Law</p> <p>(4) Diploma/Certificate Courses in:</p> <p>(i) Cyber and Intellectual Property Laws</p> <p>(ii) Labor and Industrial Laws</p> <p>(iii) Mediation, Conciliation and Arbitration</p> <p>(iv) Defense Studies.</p> <p>As we are aware about the COVID-19 pandemic and several issues associated with this, and also the University being in the formative process experiencing certain logistical and financial issues, it is very crucial to decide the course of action particularly with regard to the feasibility of starting an academic session at the earliest.</p>
<p>Agenda item No. 11</p> <p>Brief facts and background</p>	<p>To consider the constitution of the Committee for formulation of statutes, ordinances & regulations of the University.</p> <p>The University needs to formulate its statutes, ordinances and</p>

	<p>regulations for which the following committee is proposed:-</p> <ol style="list-style-type: none"> 1) Prof. S.P. Thyagarajan, Former VC, Madras University – Chairman 2) Prof. Ranbir Singh, VC, NLUI Delhi – Member 3) Prof. Ishwar Bhat, VC, Karnataka Law University, Dharwad – Member 4) Prof. KPS Unny, Former Registrar, JNU, New Delhi – Member 5) Shri Amitesh Kumar, Advocate (UGC Consultant) – Member 6) Registrar of the University – Member Secretary
<p>Agenda item No. 12</p> <p>Brief facts and background</p>	<p>To Consider the action plan for affiliation of law colleges.</p> <p>The affiliation process is being undertaken in the same manner as followed in the University of Rajasthan. The University is formulating an action plan with regard to affiliation of the colleges, enrolment of the students and also to conduct examination and declare the results on time. It will require hiring of a professional IT agency for providing necessary services.</p>
<p>Agenda item No. 13</p> <p>Brief facts and background</p>	<p>To consider the membership of Association of Indian Universities (AIU).</p> <p>The AIU is a body responsible for coordination and mutual consultation amongst Universities, and also to act as a liaison between the Universities and the Government (Central as well as State Governments) and to cooperate with other Universities or bodies (National or International) in matters of common interest.</p> <p>To be a part of a larger fraternity, the University must seek the membership of AIU at the fees prescribed for such membership.</p>

SECTION-4

(Special Programmes, quality Programmes etc.)

<p>Agenda item No. 14</p> <p>Brief facts and background</p>	<p>To consider the establishment of Library of the University.</p> <p>Libraries play a fundamental role in enhancing the learning experience, providing students with all the materials and services they need to improve their knowledge.</p> <p>It is necessary to have an arrangement for e-connectivity and hiring of e-journals and Legal Databases such as MANUPATRA, WEST-LAW, LEXIS-NEXIS, HIEN ONLINE etc. the access to be provided to the students of University. Hence in the University a central library needs to be established.</p> <p>In order to have sufficient infrastructure including furniture, books, staff etc. a provision for required fund is to be made in the university budget.</p>
<p>Agenda item No. 15</p> <p>Brief facts and background</p>	<p>To consider the establishment of the Computer Centre for the University</p> <p>In the present scenario, besides the work relating to the administration, finance, examination, admission of the University, the Computer Centre acts as a central facility for the growth and development of teaching, research and other related activities of the university. In view of the above, it is necessary to establish a Computer Centre in the University to undertake the following activities:</p> <ol style="list-style-type: none">1. To provide a central computing facility with Network Server for the University.2. To assist various Departments of the University in computerizing their activities.3. To establish, coordinate, maintain and administer campus-wide Network including Internet and allied services.4. To work as a coordinating center in networking with computer centers of other universities for exchange of expertise and software.

Handwritten signature

5. To keep track of the latest developments in Computer Hardware/Software technologies, internet technologies and collect information, acquire and impart knowledge to the university staff, to collect and collate information/data to facilitate staff and students.
6. To develop human resource in the field of Information and Communication Technology.
7. To coordinate and extend support to various departments in the university to organize online & offline teaching learning processes.
8. To promote and also to undertake Consultancy/Contractual work relating to the use of computer facilities or developing software on payment basis for automation of workflow in the University.

To manage the affairs of the Computer Centre it is necessary to procure the following technical infrastructure like Desktop/PCs, Servers, Printers, Scanners, Software and referral material, Network Equipment, Peripherals and Preparation of site including AC, UPS, etc.

To establish the center the following technical staff is essentially required like One Senior Technical Officer, One System Analyst with adequate knowledge of server set up, One Programmer, One Technical Assistant with adequate knowledge of networking, One Technical Assistant with adequate knowledge of computer hardware and software, Four Multi-Tasking Staff (Computer Operator).

This is the minimum essential technical staff required to start the functioning of the Computer Centre; however, it will require expansion as per the need in future.

In the absence of the above facilities the automation of affiliation process, enrolment of students, examination and declaration of results would be a big task and the University will be compelled to outsource for fulfilling these requirements that would incur a significant cost to the University as compared to the cost of establishing the Computer

	<p>Centre.</p> <p>In view of the above, it is necessary that the university should establish the Computer Centre at the earliest. Till such time a Government/ Public undertaking agency may be hired to meet the requirements.</p>
<p>Agenda item No. 16</p> <p>Brief facts and background</p>	<p>To consider the establishment of Research Board of the University.</p> <p>In order to ensure and regulate the research activities of the faculty and students a Research Board need to be constituted. The Board will also look into the following aspects ;</p> <ul style="list-style-type: none"> (i) To recommend the minimum qualifications for recognition as supervisor for research work. (ii) To consider and to recommend applications from teachers in the affiliated colleges for recognition as Research Supervisor. (iii) To recommend the names of distinguished persons from outside the University for guiding research work. (iv) To consider the cases of registration for doctoral degrees where there is change of subject/Faculty. (v) To consider cases of difference of opinion between examiners of doctoral thesis and other exceptional situations not expressly covered by rules on the subject. (vi) To perform such other functions, as may be assigned to it by the University. <p>The establishment of the Research Board will be in the pattern of University of Rajasthan. However until the university becomes fully functional having the similar bodies as University of Rajasthan, the necessary decisions to meet the requirements may be taken by the Vice-Chancellor.</p>
<p>Agenda item No. 17</p> <p>Brief facts and background</p>	<p>To consider the constitution of Planning and Development Board of the University.</p> <p>To strengthen and review the academic standards of the University from time to time it is imperative that a Planning and Development Board be established, with the specific mandate of advising the</p>

AK.

University in such matters. Other sister Universities like Karnataka State Law University and Tamil Nadu Dr. Ambedkar Law University have such Boards with the mandate to advise the University on academic matters, same are listed as Authorities in their respective Acts. Since the ALU Act does not provide for such an Authority, it is recommended that the Planning and Development Board be established as an authority by the Board of Management of ALU, as per Rule 10(b)(vi); 43(a) and 44 of the ALU Act. Draft provisions pertaining to the proposed Planning and Development Board of ALU for the consideration of the Board of Management is as follows-

Planning and Development Board-

- (1) There shall be constituted by the Board of Management a Planning and Development Board which shall advise generally on the planning and development of the University and review the standards of education in the University.
- (2) The Planning and Development Board shall consist of the following members, namely-
 - (a) The Vice Chancellor who shall be the ex-officio Chairman; and
 - (b) Not more than five persons of high academic standing nominated by the Board of Management.
- (3) The Planning and Development Board shall have the right to advise the Board of Management and the Academic Council on any academic matter.
- (4) The term of office of the nominated members of the Planning and Development Board shall be two years and shall be eligible for re-nomination for another term.

Dr. BHIMRAO AMBEDKAR LAW UNIVERSITY JAIPUR

Vision & Mission

OUR VISION

The pursuit of excellence in legal education ensuring the highest standards of academic quality while integrating creativity, innovation and interdisciplinarity in teaching and research; and keeping the holistic development of our youth at the focus of all programmes.

The Dr Bhimrao Ambedkar Law University, Jaipur shares the national vision of making quality the defining element of higher education in India. It is envisaged that the University will engage not only in its primary task of imparting education in Law to students from Rajasthan and outside, but will also undertake rigorous research programmes and other varied innovative extension activities in the academic arena. All its extension activities will be aimed at raising legal awareness, promoting human rights and fostering inclusion in society. As the primary affiliating body for all law colleges in Rajasthan, it is to play a leading role in the pursuit of excellence in legal education and research in the region. The overall vision is to make the University a centre for the academic activity that will also contribute to the development of the state and the nation.

OUR MISSION

The core mission of the Dr. Bhimrao Ambedkar Law University, Jaipur is to impart comprehensive legal education and, at the same time, to inculcate both professional dynamism and legal acumen within the students. Its objective is also to provide legal education which draws from a wide variety of interdisciplinary fields so that it is not just restricted to any one knowledge source. The University strives to achieve these twin objectives and is in the incessant process of upgrading, updating and replenishing its curriculum and activities so as to achieve world-class standards in legal education. The mission includes efforts to create modern infrastructural facilities and provide students in with a stimulating learning environment.

AP-

The University is committed to imparting state of the art legal education with a strong foregrounding of human values, capable of coping effectively with the numerous paradigm shifts in the globalized world. In today's globalized network of interactions which permeate every aspect of civilization, educational institutions are under an obligation to develop such patterns and perspectives that can meet the needs and expectations of the present and also of the coming generations. Keeping this canon in mind the University emphasizes the interdisciplinary aspects of knowledge, and it is ensured that all courses focus on new concepts and emerging trends in the area of academics and research. Understanding this pressing need and adhering to its demands, the effort is made to keep all programmes responsive and flexible with self-motivated checks and balances, which is reflected in the curricula, teaching, research, extension activities, human resource management, feedback mechanisms and programmes for the holistic development of the students.

The University undertakes and promotes academic research programmes ensuring the highest standards of research quality and ethics. It promotes national and international research conferences, seminars, symposia for the presentation of research work. It also encourages research publication following the highest established and internationally recognized standards of publication. It promotes innovation and creativity in research, contributing to social engineering and reform, and culminating in national development.

The University recognizes the importance of all-round character and personality development of students, of personal growth-both mental and physical, and therefore, strives to ensure that sufficient infrastructure and opportunities are available for the students in this regard. Apart from providing an enriching experience in the classroom, various cultural and sports activities are organized and promoted with a dedication to capacity building and overall personality development of the youth.

The University undertakes innovative extension activities in order to raise standards of legal awareness, promote human rights and foster inclusion in society. It engages with all stakeholders and civic society, both governmental and non-governmental agencies, in active dialogue and multifaceted partnerships for numerous social development activities.
